NOTICE: FINAL ADOPTION OF 2050 MACON-BIBB COUNTY COMPREHENSIVE PLAN

On Tuesday, November 1, 2022, the Macon-Bibb County Planning & Zoning Board of Commissioners adopted ordinance (O)-21-0083, relating to the 2050 Comprehensive Plan. The adoption of this plan is the culmination of a 9-month planning effort that began in March 2022, by identifying community stakeholders to serve as steering committee members and a required public kick-off hearing that occurred on Wednesday, May 11, 2022. This plan has been prepared to comply with the rules of the Georgia Department of Community Affairs, Chapter 110-12-1, "Minimum Standards and Procedures for Local Comprehensive Planning," effective October 1, 2018. This rule requires local governments to draft a 20-year comprehensive plan every 5 years to achieve and maintain a "Qualified Local Government" (QLG) status. The QLG designation is required for local governments to be eligible for state funding and permitting. The updated 2050 Macon-Bibb County Comprehensive Plan may be found at www.mbpz.org.

For additional information, please contact Gregory L. Brown, Assistant Planning Director with the Macon-Bibb County Planning and Zoning Commission at (478) 241-2554 or gbrown@mbpz.org.
